- **Community WebEx – “Batch Data Submission – A Technical Overview”**
(June 24, 2010 - 2PM to 3:00PM ET)

CROWNWeb Outreach Program!

Is your organization making an effort to help ease the transition to CROWNWeb for your users or customers? If so, you should be a part of the CROWNWeb FOCUSed program. Let your customers know that your organization is going above and beyond to assist them, offering tools and resources to help them with using the CROWNWeb system. Show the renal community that your facility is **F**ocused **O**n **C**ROWNWeb **U**ser **S**implification, and that you are working to stay involved in the continuous growth of the system. **Let us know how you’re helping your customers and clients prepare to use CROWNWeb, and become a part of the CROWNWeb FOCUSed program today.** Find out how you can participate in the CROWNWeb FOCUSed program: e-mail CRAFT@projectcrownweb.org.

Connecting to CRAFT Call Made Easier!

Joining the teleconference portion of the monthly CRAFT WebEx meetings has been made easier! In order to hear the meeting, you will now receive a call back from the WebEx system. To connect to the call, all you need to do is **click the WebEx link provided on the submitted agenda**, connect to the WebEx, and then enter the phone number at which you would like to receive a call back. **See pages 2-7 of the monthly CRAFT Call Agenda for further details.**

Project CROWNWeb Site Features!

The [Project CROWNWeb website](http://www.projectcrownweb.org) now boasts two new features that are designed to enhance a user’s experience when using the site. Users can now use the “Site Search” feature to quickly locate resources available on the site. Also, users can provide their feedback by participating in the “Poll of the Month”. Users are able to see the results of any poll as soon as they submit their response. Visit www.projectcrownweb.org to check out these features.

The CRAFT e-mail address has changed!
Use CRAFT@projectcrownweb.org when submitting messages to CRAFT.

Dr. Crown’s FAQ of the Month

Dear Dr. Crown: When completing the QIPS Account Form, Page 2 allows me to indicate up to eight additional facilities that I will need to be able to view and/or access data for in the CROWNWeb system (known as “Scope”). How do I specify needing scope over more than eight additional facilities? – Eight Isn’t Enough

Dear Eight: You can indicate needing scope over more than the eight additional facilities allowed on Page 2 of the QIPS Account Form by providing the required information for the additional ones (CMS Medicare Provider/CCN #, NW #, Facility Name, Name of Facility Contact Person, Contact Phone, and Contact Email) on a separate sheet of paper, and attaching that to the original completed QIPS Account Form. See the “Additional Facility Scope” section on Page 2 of the QIPS Account Form for further details.
