CROWNWeb In-Person Training Scheduled for January 2009

Beginning January 5, 2009, members of the CROWNWeb team will be traveling to multiple cities, in each Network area, to demonstrate the functionalities of the CROWNWeb system. Each in-person session is anticipated to run from 8:00 AM to 5:00 PM, and give attendees an opportunity to explore the system first-hand through an instructional workshop and hands-on access.

Want to help get the facilities in your Network registered for these important in-person training sessions? Instructions for registration were included in the Fax Blast sent on October 10 to each Network, but can also be found online in the Public Documents Team Room on the CROWNWeb LMS (<http://www.projectcrownweb.org/>). If you receive inquiries on these sessions, please point the facilities towards the LMS and these documents!

Also, check the Project CROWNWeb LMS for our full training calendar, which includes the locations, and dates we will be in your area. In-person Training runs through January 28, 2009.

CAS Training – Thanks for Your Support!

The CROWNWeb Authentication System (CAS) Training was a success! Many facilities and Networks attended the 1-hour WebEx sessions. Your support with getting the word out, and driving registration was greatly appreciated!

Did you miss a training session? Below are instructions on how you can acquire the CAS Training files off of the LMS website:

1. Go to <http://www.ProjectCROWNWeb.org/>
2. Select **Courses**
3. Click the **Curricula** – (Course List)
4. Type "**Security**" in the Search field
5. Click on **Security Administrator**
6. Enroll in the Curriculum and take the course

We will also be providing a recording of the session on our Project CROWNWeb LMS shortly. Stay tuned!

CRAFT Help Desk to the Rescue!

Are you being contacted with questions about CAS and/or LMS? If so, have no fear; CRAFT Help Desk is here!

Please have anyone that contacts you reach out to the QualityNet Help Desk for assistance. The Help Desk strives to address all submitted inquires within 48 business hours.

Dr. Crown's FAQ of the Month

Dear Dr. Crown: Please help me! I am with a Network and would like to attend one of the in-person CROWNWeb training, scheduled for January 2009. Are networks able to register to attend the sessions? – Excited

Dear Excited: Yes. Networks may register for a training session and observe the class, but we ask that Networks limit attendance to one or two employees at any one session at a time. Please note that Network attendees will not have a workstation, as those are reserved for facility attendees.

Please notify the CROWNWeb team if you'd like to attend and audit the class!

Announcements
